5200 Support

5210 Supply

5210.1 Oil Response Equipment

Refer to <http://www.uscg.mil/hq/g-m/nmc/response> for a list of OSROs in the LA/LB COTP zone.

A general listing of Pacific coast pollution response equipment can be found at the Western Response Resource List (WRRL) website: www.wrri.us. This website is provided by USCG to provide an equipment inventory site with information provided by participating Oil Spill Removal Organizations (OSRO's) and other organizations with response equipment. OSRO's can subscribe and maintain and update a list of their response equipment at their discretion.

Local response equipment are listed below in equipment list from local Oil Spill Response Organizations (OSROs) with significant caches of equipment in the San Diego Area. MSRC, NRC, and ACTI are listed.

Their equipment lists are broken into separate page grouping to facilitate regular updates as equipment stocks change. In some cases cross-contracted resources may be listed.

5210.11 MSRC Oil Response Equipment – West Coast Equipment

Location	Skimmers	Effective Daily Recovery Capacity bbl/day	Boom	Barges

5210.2 Hazardous Substance Response Equipment

5220 Facilities

5220.1 Incident Command Post Options

5220.2 Incident Command Post Needs

5220.3 Berthing

Military Personnel: Military personnel who are brought into the area on Government orders to participate in cleanup operations may be provided with berthing at a local military base on a space available basis. If space were not available they would draw per diem and be put up in a civilian hotel.

Civilian personnel: should be housed in hotels or motels under contract payable by the RP. See Table 5411.1 for a list of coastal accommodations.

Due to the metropolitan nature of San Diego County, the likelihood of performing clean up operations in a remote area is small. Therefore mobile kitchens may not be necessary. However, they can be obtained through several organizations within the area. These organizations include:

Mobile Kitchen Contact Information

5220.5 Staging Areas

5220.6 Security Providers

5220.7 Airports/Heliports

There are four military, twelve County or City operated and nine private airfields within San Diego County. Of these, the four military and six of the twelve local government operated airfields are sufficiently close to the coast with runways at least 2000 feet in length. Those airfields are:

5220.71 Military Airfields

Miramar Marine Corps Air Station (MCAS): Located 16 miles north of downtown, access is via I-15 and Miramar Way.

Miramar Marine Corps Air Station Ops Duty Officer: (858) 577-4279, 4277

Ops Maintenance Div: (858) 577-4285
4284 MCAS San Diego
California 92415

Standard hours of operation 0800 - 2400 (Monday - Friday) and
0800 -1800 (Saturday - Sunday)

Miramar Marine Corps Air Station has government contract fuel available.

The Operations Maintenance Division (Transient Section) has an 11K forklift for off-loading equipment.

HIGHWAY ACCESS: From Miramar MCAS take Interstate 15 south connecting with Highway 163 south. Exit on Interstate 8 west connecting with Interstate 5 south. Exit on Sassafras and turn right on Pacific Coast Highway. Turn right on Laurel. Veer right to connect with Harbor Drive and stay on the left-hand side and turn left at the Marine Safety Office.

Two other options exist which from Miramar MCAS connects State Highway 163 and 52. Interstate 805 is also an available option to the downtown area.

North Island Naval Air Station: Thomas Guide Page 64, E3. Access is via Coronado Bay Bridge and S-75.

Ream Field (Naval Auxiliary Landing Field Imperial Beach): Thomas Guide Page 71 - A6. Access via I-5 and S75 to 13th Street entrance.

Camp John Pendleton: Thomas Guide - Page 9 -C1. Access via I-5 and Vandergrift Road. Radio frequencies for Miramar, North Island and Ream Field are 126.2Mhz primary and 340.2Mhz secondary. Radio frequencies for Camp Pendleton are 123.2Mhz primary and 360.3Mhz secondary. Permission to use the Naval Air Station facilities is granted through the Commander, Naval Base San Diego. The Commanding General, USMC Base Camp Pendleton controls the use of the USMC facility.

5220.72 Civilian Airfields

San Diego International Airport: Operated by the Unified San Diego Port District. Thomas Guide page 59 - F5. Access is via Harbor Drive. Primary radio frequency is 118.3Mhz.

Montgomery Field. Operated by the City of San Diego. Located 10 miles north of downtown San Diego. Montgomery Field is also approximately 7 miles south of Miramar Naval Air Station. Thomas Guide page 53, A2. Access is via S-163 and Aero Drive at 3350 Montgomery Drive.

Montgomery Field Tower:	(858) 277-5601, 3750
	Primary radio frequency 119.2Mhz.
	John J. Montgomery Drive
	San Diego, California 92123
Montgomery Field Airport Manager	(858) 573-1440 (Operations)
	(858) 573-1441
Standard hours of operation	Available 24 hours

Montgomery Field has no government contract fuel available. Fuel is available and the VISA card is acceptable. Off-loading equipment is not available however; equipment is available at Hawthorne Rent-It Service located at 1473 G Street. The landing field length is 3,400 feet, which has a weight limit of 12,000 pounds. This is inadequate for a C-130.

HWY ACCESS: From Montgomery Field, take State Highway 274 west (Balboa Avenue). Exit onto Interstate 5 south. Exit on Sassafras and turn right on Pacific Coast Highway. Turn right on Laurel. Veer right to connect with Harbor Drive and stay on the left hand side and turn left at the Marine Safety Office.

From Montgomery Field, take State Highway 163 south; take the Washington Street exit and approximately 2 miles turn left on Pacific Coast Highway. Turn Right on Laurel. Veer right to connect with Harbor Drive and stay on the left-hand side and turn left at the Marine Safety Office.

McClelland Palomar. Operated by the County of San Diego and located in the City of Carlsbad. Thomas Guide page 19 - F2. Access is via I-5 and Palomar Airport road. Primary radio frequency is 122.95Mhz.

Turn right on Pacific Coast Highway and turn left on Broadway. Turn Right on Harbor Drive and stay on the left-hand side and turn left at the Marine Safety Office.

5220.8 Temporary Storage and Disposal Facilities (TSDs)

For information on temporary/emergency permits within the coastal zone, contact the

Energy and Resources unit of the CCC (415) 904-5285.

(415) 201- 5792

Temporary/emergency storage facilities can include Baker tanks, tank trucks, oil drums, or empty fuel storage tanks. If suitable containers are not available, oily wastes may be temporarily stored in pits dug in the soil. These pits must be lined with plastic sheeting to prevent oil leakage and soil penetration.

5220.9 Maintenance and Fueling Facilities (land/water)

5220.91 Maintenance Facilities

Large Vessels: Most vessels of 30' length or greater which would be involved in an oil spill clean-up operation would be staffed with a crew capable of performing normal maintenance and minor repairs. Any major repairs, which require removing the vessel from the operation, would be the responsibility of the operator, in conjunction with the spiller.

Small Vessels: Small utility boats under 30' in length, which were obtained under contract from local cleanup, and/or marine companies are also provided with maintenance personnel. Boats, which are provided with no crew, would need to be maintained by some other means.

(Any vessels oiled must be cleaned prior to entering the harbor for repairs.)

Vehicle Maintenance Facilities: the provider will maintain most vehicles provided under contract. Those vehicles provided by local jurisdictions will be maintained and repaired at the appropriate jurisdictional facility.

5220.92 Ashore Fueling Facilities - TO BE DEVELOPED

5220.93 Marine Fueling Facilities

5220.94 Fuel by Barge

Jankovich & Sons, 920 Gull Street, San Diego, CA 619-232-4674
92101

5220.95 Fuel Docks

Name	Location
Cortez Fuel Dock	Located on Harbor Island at the Cortez Marina, it is capable of handling vessels up to 200' long. The dock has

	a draft of 12'.
Harbor Island West Fuel Dock	Located at the West End of Harbor Island. The dock is 120' long, but is capable of fueling vessels greater than 120' in length. Maximum draft is 11'.
High Seas Fuel Dock	Located on Shelter Island/Commercial Basin
Pearsons Fuel Dock	Located on Shelter Island.
Islandia Sportfishing Dock	Located in Mission Bay

5220.96 Fuel by Tank Trucks
